

## Narrative report

Name of the project: „A Family for Each Child”

Sponsors: **CARITAS Viena**  
**RENOVABIS Freising**

Period: **January 01, 2014 – December 31, 2014**

The Center for Placement of Child besides the Foundation Regina Pacis continued the implementation of the project "A Family for Each Child", during 2014 year, financed by CARITAS Vienna and co-financed by RENOVABIS Germany, which has as general aim to raise the quality of life for children in need (street children, children who come from socially-vulnerable families, children from risk group, orphaned children), by providing temporary protection, schooling, vocational guidance and training, socialization, (re)integration in the biological family, extended, adoptive and/or in the

community.

For 2014 year it was planned to assist and care 20 children, being planned the average number of children assisted per year. Thus, the work done within this project was carried out in accordance with the following **objectives**:

- a.** Ensuring of protection, care, health surveillance, social, psychological, legal assistance by providing direct support for 20 children in need;
- b.** Providing the access of 20 children to information, culture and formal and non-formal education, professional orientation and training in order to assimilate the knowledge and skills necessary for social integration;
- c.** Case management and facilitation of the socialization and (re)integration of children in the biological family, extended or adoptive and/or in the community (20 children), the evaluation and monitoring of families where the child has been integrated;
- d.** Providing the psychological support and information for families that are at risk of abandoning their children;
- e.** Raising of public awareness regarding the problems of abandoned children in need and preparing of community for their reintegration, through raising of public awareness achieving 4 activities with positive social impact on the perception of children in need, activities such as: meeting with minors in prison no. 10 from Goianul Nou, meeting with the writer, politician N. Dabija, meeting with the photographer/blogger C. Eftodii, organizing a celebration dedicated to older people and promoting of volunteerism among beneficiaries, organizing of exhibitions.

**The beneficiaries** of provided services under the project were the children aged between 9-20 years. The age of children assisted by the Centre for Placement of Children Regina Pacis, in 2014 year, was reduced, because in placement were taken children – brothers, who under the law cannot be separated. Thus, it was provided assistance to the following categories of children, children in need and/or risk, temporarily or permanently separated from their parents, street children, children from poor families, orphaned children with parents deprived of parental rights, abused and neglected children, children expatriate from other countries, children from dysfunctional families and addicted to alcohol and drugs.

Within the project during 2014 year received help and support a number of indirect beneficiaries, thus were assisted and monitored 7 families and relatives of children that was in the placement of Center.

In order to achieve the objective of the project and to ensure the needs of children from placement and of their families, in the Center worked a **multidisciplinary team** composed of:

- Manager of the Centre;
- Social Worker/Educator -3;
- Psychologist;
- Physician therapist;
- Teacher laboratory of work;
- Speech therapist.

### **ACTIVITIES CARRIED OUT DURING 2014 YEAR**
